[Community Dialogue Committee Description.docx](#)

Hi Shawn,

The RA wants to move out on a new approach to community engagement, involving creation of a Community Dialogue Committee. Idea is to have a contract facilitator for the group. Mark and Curtis would like you to take a lead role in getting this up and going and be the primary liason with the contract facilitator. There's more detail in the attached documents. After you have a chance to take a look at these, let's talk. I'm in today and tomorrow. thanks

Dave Cozad
